

- **GUARDIAN Petrolatum Primer MP** is a key component of the GUARDIAN Splash-zone Systems.
- **GUARDIAN Petrolatum Primer MP** is a Petrolatum Compound incorporating inert fillers, water repellent agents, water displacement agent, wide spectrum biocides and corrosion inhibitors.
- **GUARDIAN Petrolatum Primer MP** is inert, stable in nature, **GUARDIAN Petrolatum Primer** maintains its plasticity over a wide temperature range.
- **GUARDIAN Petrolatum Primer** profiles minor surface imperfections and enables uniform application of **GUARDIAN Petrolatum Tape MT** and **GUARDIAN Splash-zone 60GW, 100 & 2000 Series**.

## PROPERTIES

| Property  | Test Method           | Value                              |
|---|-----------------------|------------------------------------|
| Flash Point   |                       | 180°C                              |
| Specific Gravity  | ASTM D70 @ 25°C (Mod) | 1.1 (Average)                      |
| Drop Melting Point  | ASTM D127 (Mod)       | 75°C                               |
| Petrolatum Content  |                       | 75% Min. by Weight                 |
| Coverage*   |                       | 1 to 2m <sup>2</sup> /kg (Average) |
| <b>*Note that coverage is determined by surface profile.<br/>Heavily pitted substrates will require more primer compared to a smooth surface substrate.</b> |                       |                                    |
| Application Temperatures  | -10 to +50°C          |                                    |
| Service Temperature   | -10 to +75°C          |                                    |
| Service Life  | 20 Years +            |                                    |
| Shelf Life  | 20 Years +            |                                    |

## PACKAGING

| Part No. | Weight | Unit | Carton Qty    |
|----------|--------|------|---------------|
| PP04MP   | 4kg    | Tub  | 2 Tubs/Carton |
| PP20MP   | 20kg   | Drum | 1 Drum        |

All statements and data presented herein are given in good faith and believed to be appropriate and reliable. It is given without express or implied warrant or guarantee. Potential users of Guardian's materials are urged to conduct confirmatory trials to satisfy themselves as to the suitability of the selected product for their particular end use prior to purchase.

## BENEFITS

Isolates marine pile from the environment  
Salt and seawater resistant  
Contains water repellent and displacing agents

## APPLICATION

Refer to the relevant GUARDIAN System Application Data Sheet
